RE: FOIA Request #04-022

Dear Ms. Wright:

Thank you for your letter of January 13, 2004, requesting information under the Freedom of Information Act. In your letter you request information that constitutes the basis of the finding in the Final Environmental Impact Statement on Delivery of the Canadian Entitlement, January 1996, Document Number DOE/EIS-0197 (the 1996 FEIS).

Specifically you request documents, data, studies, power flow base cases in raw data format, draw files, lists of contingencies used in the power flows, and loads/resources of all Puget Sound utilities that were used in the power flows, tabulations of study results, stability runs and corresponding plots, graphs, assumptions, work papers and results that support specific statements in the 1996 FEIS. You outlined these specific statements in your original request.

Your request was received by our office on January 21, 2004 and has been logged in as FOIA #04-022.

You have agreed to pay costs to fulfill your request. In addition, you request that our response and any accompanying documents be provided to you electronically if possible, via the email address you provided. If our response is provided via regular mail, you ask that we compile any responsive records on computer diskettes when possible.

Sally Long, Customer Account Executive, has been designated as Authorizing Official for your request. Ms. Long has 20 working days, until February 19, 2004, to provide a response. Should you have any questions she may be reached at Mail Stop TM-OPP2 or by calling 360-619-6007.

Sincerely,

A handwritten signature in cursive script that reads "Annie Eissler".

Annie Eissler
Freedom of Information Officer
